

White Feathers – Playlist

Talking about a revolution

All you need is love

To love somebody

Is this love

Fast car

Bring it on home

How long will I love you

The way you make me feel

Love is a losing game

It must be love

Blowin In the wind

Rude Magic

Make you feel my love

All about the bass

All of me

Cry to me

Will you still love me tomorrow

Be my baby

Hallelujah

Only love can hurt like this

Let it be

This is the life

Do you really want to hurt me

Your song

Yellow

Dancing in the dark

Love me Tender
