

White Feathers Song List

A change is gonna come

All about the bass

All of me

All you need is love

Be my baby

Blowin In the wind

Bring it on home

Cry to me

Cupid

Dancing in the dark

Dancing in the street

Do you really want to hurt me

Fast car

For my lover

Give me one reason

Hallelujah

Hey Jude

How long will I love you

Hozier take me to church

I'd rather go blind

I'm not the only one

I'm Yours

Is this love

It must be love

Kiss

Let it be

Light my fire
Love is a losing game
Love me Tender
Love me tender
Lovin you
Make you feel my love
Only love can hurt like this
Rewind
Rocket Man
Rude Magic
Simply The Best
Small bump
Stand by Me
Talking about a revolution
The way you make me feel
Thinking out loud
This is the life
To love somebody
Valerie
Will you still love me tomorrow
Wonderful world
Yellow
You love keeps lifting me higher
Your song
